

REMARKS

By the present Amendment, claim 1 is amended. This leaves claims 1-5 pending in the application, with claim 1 being independent. Claim 1 is only amended to change "consisting of" to --comprising-- to correct an error.

The specification is revised to eliminate grammatical and idiomatic errors in the originally presented specification and to add headings. The number and nature of the changes made in the specification would render it difficult to consider the case and to arrange the papers for printing or copying. Thus, the substitute specification will facilitate processing of the application. The substitute specification includes no "new matter". Pursuant to M.P.E.P. § 608.01(q), voluntarily filed, substitute specifications under these circumstances should normally be accepted. A marked-up copy of the original specification is appended hereto.

Prompt and favorable action is solicited.

Respectfully submitted,

Mark S. Bicks
